PROFILE SUMMARY

Aspiring Fullstack Developer with hands-on experience from academic and personal projects, successfully developing and deploying multiple websites. Skilled in both frontend and backend development using modern technologies such as HTML, CSS, JavaScript (React), Node.js, and MySQL. Capable of building small to mid-size websites from scratch to deployment. Familiar with basic microservices concepts and focused on creating secure, scalable, and maintainable solutions. Eager to apply skills, learn from experienced mentors, and contribute to real-world projects during the internship

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript (React), Bootstrap, TailwindCSS
Backend: Node.js, Express.js, PHP (Laravel)
Database: MySQL, MongoDB, PostgreSQL, Oracle
Tools: Git, Docker, Postman, VS Code
Testing: Manual Testing, Unit Testing (Jest), API Testing (Postman), End-to-End Testing (Cypress)
